WHOLESALE CATALOGUE OF

Flower and Vegetable Seed

Warehouse, where all letters are to be addressed

12 and 14 NINTH AVENUE
NEW YORK, N. Y.

To the Trade.

WE again have the pleasure in presenting to you our Wholesale Catalogue for the season of 1900, and beg to express our many thanks for the liberal patronage extended to us during the past.

The acknowledged credit in the trade, which we have earned by years of experience and personal attention to our business, is convincing to us that all our stocks, which we have supplied our customers, are of the highest germination and quality.

We grow annually many tons of Onion, Lettuce, Sweet Peas, Carrot, Celery, Salsify and many varieties of Flower Seeds on our OWN farms in California; other varieties contained in our catalogue, which are imported, are grown for us under special contract with the leading growers in Europe, from choice, selected stocks.

The increased demand for our Seeds in the Eastern and Southern States found it necessary to establish a New York branch in order to better supply our Eastern and Southern customers.

Mr. William A. Cox will preside over the New York house, where all business intrusted to us will be under his personal supervision, and will receive prompt attention.

Customers wishing to visit our farms and inspect our stocks and be convinced of the pains we exercise in producing thoroughly reliable Seeds, from carefully selected stocks, will receive every attention by calling upon the principal of the firm, Mr. Thomas A. Cox, 411–415 Sansome street, San Francisco, Cal.

IMPORTANT.

The prices quoted herein meet our views at present; in case of important changes, by the influence of the market through the season, we may be compelled to advance or reduce our prices.

TERMS.

(We sell only to the trade.) Stock orders net cash, 90 days from date of invoice. Supplementary orders net June 1st. A discount of 1 per cent. per month for unexpired time allowed for cash.

SPECIAL PRICES will be made on 60 days' time.

CASH or satisfactory references should accompany orders from unknown correspondents.

WARRANTY.

It must be distinctly understood, since the success of a crop is dependent on so many contingencies, as conditions of soil and climate, mode of planting, etc., that COX SEED COMPANY, in common with all seed dealers of character, will not hold themselves responsible for any loss or damage arising from any failure thereof.

Bags and boxes are charged at cost.

Remittances and communications should be addressed to 14 and 16 Ninth Avenue, New York

COX SEED COMPANY

New York and California

	⅛ oz., 50 cts.	
" carinatum (tricolor) Chamælon. Large flowered, new variety of this showy annual, so valuable for its yield of cut flowers. The ground color of the flower is a light coppery bronze, with a bright purplish crimson zone during the first few days, the blackish purple disk being surrounded by a golden yellow circle. A few days later the coppery bronze changes into a clear Isabel, while the colorings of the zone and circles remain. These four distinct flowers on one flower, combined with the different colored flowers on one plant, produce a beautiful contrast. Exceedingly effective and of great value for cutting purposes	¼ oz., 50 cts.

" " mixed, splendid variety	10	50
" " Hederæfolium. Distinct new Nasturtium with Ivy leaves which are of a pleasing metallic hue, contrasting most strikingly with the crimson flowers. The latter are produced in great profusion and strongly resemble, both in size and color, those of the well-known "Empress of India." Fine for hanging baskets or other purposes in which Ivy-leaved Geraniums are used	50	
" Lobbianum Klondike. Undoubtedly the finest of all yellow Nasturtiums. The flowers are a pure deep yellow of soft velvety texture, beautifully crimped and bronzed profusely on very long stiff stems, making an elegant cut flower for table decorations, likewise for florists' use. The leaves are handsome, being very large and circular in shape	50

Telegraph Cipher.

A Telegraph Cipher is attached to each variety ; if used in connection with code for quantities, will enable customers to wire orders at small expense. Prefix the word Freight, Express or Mail to designate the manner of shipment. The code word for quantities must always precede the word for seeds, although if the same quantity of several varieties is wanted, the quantity word need only be placed before the first article ordered; for example:—

Freight, Queets, Almon, Carlton, Curry,—means send immediately by first freight 100 lbs Arlington Turnip Beet, 100 lbs. Yellow Globe Danvers Onion, 100 lbs. Purple Top Strap Leaf Turnip.

Express, Quantock, Atlas, means send immediately by express 10 lbs. All Seasons Cabbage.

Mail, Quadrate, Corey, means send by first mail, postpaid, 2 lbs. Acme Tomato.

Cineraria Hybrida Grandiflora. Large Flowered Prize Strain, $\frac{1}{64}$ oz., $1.25.
